celebration of bronze

Bronze brings depth, warmth and architectural character to the 2026 Project Collection. From matt bronze to anodised living finishes, each piece is crafted to showcase the material's richness and its ability to elevate both contemporary and classic interiors. Its matt bronze finish diffuses light with a controlled, understated sheen, adding clarity to the form without distraction.

Clean lines, precision-machined forms and subtle tonal shifts define this curated selection, from the sculptural ARA pendants to the refined Anna and Ciara families. Bronze anchors a space with quiet confidence, pairing effortlessly with natural textures and modern palettes.

A finish that evolves, endures and enhances. A collection designed to celebrate it.

ceiling

Ceiling pieces that elevate everyday lighting with soft, architectural bronze forms.

Anchored by the Ara pendant, this category introduces warm, ambient illumination through clean silhouettes and timeless detailing, creating a calm, cohesive overhead glow.
